Host

Ventura County Behavioral Health

Description

Waiver Assessment of Modalities of Services-(A) - Introductory Course
Step 1 in the Modalities of Services Series

This training will assist counties in identifying the existing modalities for DMC-ODS Waiver services and the infrastructure needed to integrate additional modalities as required by the Standard Terms and Conditions.

Target Audience

This training is primarily of interest to county staff who have responsibilities in the area of planning, services, infrastructure, and capacity development. SUD contractors may participate in order to gain a broader understanding of service gaps and opportunities for service expansion in their communities.

Learning Objectives

1. Understand the modalities of services required by the DMC-ODS Terms and Conditions and the activities within each of the modalities.
2. Understand methods for assessing gaps at the county (and/or regional) level in the continuum of care (trainees will identify potential data sources for assessing gaps and possible solutions for obtaining needed data).

3. Identify the infrastructure needed to fill gaps in the continuum of care.
4. Identify solutions for developing the infrastructure needed for a complete continuum of care at the local and/or regional level.
5. Identify needs for additional training, technical assistance, and state/county resources and policies to support implementation of the required modalities of services.

Certificate of Attendance

All attendees will receive a certificate of attendance. Continuing Education (CE) will not be available for this training.

Accommodations

If you need a disability-related reasonable accommodation/alternative format for this event, please contact Kim Waterman at (916) 379-5348, kwaterman@cibhs.org at least one week prior to the training.
